ALLEN COMMERCIAL GROUP IS MOVING CLOSER TO I-65 FOR SEVERAL REASONS

Allen Commercial Group will be moving its current headquarters (J. Greg Allen & Associates) to Emerson Parke Building 1, 972 Emerson Parkway, Greenwood, IN. After much discussion and debate the principles of J. Greg Allen & Associates came to the decision to move their facilities closer to I-65 for several reasons. The largest growth in Greenwood is happening just north of their facility at Emerson Avenue and County Line Road. They thought being closer to their recent five (5) developments would be to their advantage from a convenience standpoint.

Most of the brokerage community knew of Allen Commercial Group as a "GREENWOOD DEVELOPER," but most recently the Allen Commercial Group has moved their focus even to the north side of Indianapolis in Carmel, Indiana. Allen Commercial Group is developing an 18,500 SF medical facility off of Old Meridian and Pennsylvania Street. This project was a huge success for the Allen Commercial Group because the entire building was leased prior to ground breaking.

The Allen Commercial Group has become a full service brokerage company offering brokerage, design and development, and property management to their clients. If you are looking for office or retail space in or around Indianapolis' south side, the Allen Commercial Group is the number #1 choice. Please contact them at 317-882-7850 or www.allencommercialgroup.com.
